After the Affair

Life, sex and love, post cheating.

All relationships can't be happy all the time. Sometimes we do things to one another for which we are sorry. Not sorry enough to stop, perhaps, but sorry enough to apologize.

One way in which a situation like this can be resolved is by turning the nastiness into effective sexual stimulation, which can be a major turn-on for everyone concerned. Therapists, concerned by the distressingly high divorce rates in recent years, have increasingly pointed to one source for many marital breakups: cheating.

Fewer and fewer marriage partners, it sometimes seems, are able to remain faithful to their mates. And more and more are getting caught. Most experts on love and marriage agree that it is extremely difficult for a couple to remain faithful to one another over a long period of time in today's sex-crazy world.

With attractive potential sex partners available everywhere one goes, it can be difficult to toe the straight-and-narrow line of traditional marriage without feeling that you're missing out on something. Almost inevitably, usually within two years or less of marriage, many couples begin having affairs outside the home.

At first it may be nothing more serious than a quick afternoon fuck with a stranger, followed by extreme feelings of guilt on the part of the adulterous partner—feelings that are sometimes strong enough so that the cheating will never be repeated.

Sometimes cheating with various strange partners becomes a habit, and then it is almost impossible to remain undetected. Sooner or later, the cheating partner is found out, and more often than not the marriage falls apart as a result.

There are times, of course, when someone who is married falls hopelessly in love with someone else, and then the only thing to do is get divorced. But that is not the subject of this article.

Instead, the focus is on a radical method of handling cheating which many therapists now feel cannot only save the relationship, but strengthens it.

Most therapists—in fact, most anyone who has had any experience with marriage—has come to the conclusion that honesty in a marriage is the best policy. Without honesty, the whole structure eventually collapses, and divorce is the inevitable result.

Until recently, honesty as far as adultery was concerned has meant admitting it if you have had an affair. This usually means a highly charged emotional scene in which the guilty partner begins by saying, "Honey, I have a confession to make…" and then proceeds to admit

Most therapists has come to the conclusion that honesty in a marriage is the best policy.

'I've had sex with so-and-so and it was great.' They wanted to give, and did give, a very explicit blow-by-blow description of the action.

that he or she has been guilty of the terrible crime of cheating; feels horrible about it; and hopes to be forgiven.

This is usually followed by anger, tears, screaming, demands to know when, why and with whom, threats of divorce (often carried out), and so forth.

If couples survive the first act of cheating, they often reach a kind of uncomfortable 'semi-marriage' in which there can be further acts of cheating, often as retaliation tor the original act of infidelity, further scenes, and much more emotional agony.

Some very few mature couples manage to get past the cheating and to keep on loving one another, partly by pretending that their partners really are faithful. This is an ostrich-like act which can save a marriage, but which certainly does not do anything to make it better.

What many therapists are doing is taking a page from the playbook of the suburban wife-swapper. The therapists realized that part of the kick from swapping partners was telling your partner what you had done when you went home.

The therapists suspected that the satisfaction many couples received from the mate exchange came in the boost to their sex lives at home, not in the wild weekend trysts with the neighbor's spouse.

"What we found about the swingers," says one marriage counselor, "was that they could hardly wait to get home to tell their partner what they had done after they'd been in bed with someone else. And I don't mean that they just wanted to say 'I've had sex with so-and-so and it was great.' They wanted to give, and did give, a very explicit blow-by-blow description of the action.

"The whole idea of it was to turn on their partner. You go home and say to your husband, 'Well, first I took Jerry's clothes off, and then I stripped and let him watch me, and then I climbed into bed with him and took his cock into my mouth until he was hard as a rock… and then he slipped it into my pussy bit by bit...' and so forth. And all the time the wife is talking, the husband is rubbing himself into a frenzy, getting ready for the heavy fucking he knows they're going to have—probably as she gets into the juicier part of the description."

It has been mentioned here before that frank sex talk is very much a part of a complete sexual experience for any couple. This includes open discussion of what is desired and what is disliked in the way of technique, and it has been proven that the explicit expression of sex fantasies during screwing can do a great deal to heighten the pleasure of lovemaking.

But experts in the field now often suggest that married couples (or couples who are only living together) use complete explicit description as a therapeutic technique to counter the possible negative effects on a marriage of any extramarital affair.

"What you're doing in essence," says another therapist, "is turning it around so that the extramarital affair benefits the marriage rather than negatively affects it."

What is comes down to is this: the thing you're trying to deal with and overcome is jealousy. Now jealousy operates best in a vacuum. The less one

knows about the extramarital sex one's partner indulges in, the more one imagines, and the more one's mind is tortured by jealous feelings. On the other hand, when you're offered an explicit description of what went on, you tend to be more able to demystify it and accept it as a perfectly natural and not terribly important event.

Now let's take this one step further. Suppose that in the process of listening to what happened when your mate stepped out on you, you find yourself getting turned on. Suddenly, you realize that all this is terribly exciting to you. The truth is that most people are very excited when they hear about their partners banging someone else. For one thing, it makes you feel that your partner is attractive and enticing to someone else. For another, you have such a precise and intimate knowledge of your partner's body and their way of having sex that, when you are told how it was with someone else, you can easily picture exactly what went on.

The war between jealousy and sexual excitement is almost always won by sexual excitement and more often than not, telling the tale leads to heated fucking with your partner. In most cases, jealousy will still rear its ugly head from time to time and, in a fit of pique, the one who had first accepted the cheating may get angry or sulk about it. But the emotional storm that will follow is usually small and easily smoothed out.

When couples stumble on cheating accidentally though, and when they don't know precisely what happened, then the discovery all too often leads directly to a breakup or divorce.

"My feeling is that divorce is really used to excess in our society," says one LA-based therapist. "People turn to divorce as an out from minor problems when they don't really need it. A perfectly compatible couple will decide to get a divorce because one or the other is screwing around, when at home they're a hundred per cent content.

"To prevent this, I think, one of the best techniques is an absolutely frank and total confession. Before recommending this to a specific couple, I would want to know the people involved. It is very possible that someone could overreact, that some individual would just not be the type to bear this type of confession. Obviously, I am positing a certain amount of sexual sophistication on the part of both partners.

"But in most cases, I feel, it's simply better to have it all out in the open. After all, if people are going to make a decision about something as important as breaking up a marriage or relationship, they ought at least to have all the facts on hand.

"Further, in three out of four cases, when all the facts are known the couple will decide not to break up. Yes, it is certainly possible that the description of the sex acts in which they have indulged will give a boost to their own sex lives. It might even be recommended for couples who have been married five years or longer and find that their marital lives are sagging, that they just aren't as sexually heated as they used to be."

The war between jealousy and sexual excitement is almost always won by sexual excitement more often than not

Of course, to explicitly confess the kind of affair you've been having takes some courage and sophistication. It also

takes courage for the partner who has been cheated on to admit that he or she is more excited by the revelation than angered. But it can be done—and most serious therapists feel it's the best way to avoid a break-up over adultery.

"In talking about affairs, there is an additional possibility besides heightening your sexual pleasure and not wrecking your marriage," says a strong advocate of open marriage. "When you discuss things like that, you get this terrific sense of freedom, as if you're shaking off all these bonds that you've always felt on yourself.

Even while I was fucking him, I knew that I would have to go home and tell my husband all about it, because that's just the way I am.

"Two years ago I had an affair with a man much older than myself. Even while I was fucking him, I knew that I would have to go home and tell my husband all about it, because that's just the way I am.

"I was frightened, of course, and I knew that I was taking a chance that he might explode on me, that he might walk out on me or all kinds of things, but I just had to go through with it.

"And as I talked, telling him every single thing I'd done with that guy, how I had bent over a table and let him lift my skirt and push his dick inside me, and how we'd done it in a chair and a car and so forth, I felt really liberated, maybe for the first time in my life.

"I was free from having to lie and pretend. I was free to be myself and be honest about it. No one is really cut out to devote their entire lives to one other person. None of us feels really good when we're living a lie. We don't feel good with our own consciences.

"Well, my husband doesn't really get all that turned on by hearing about my affairs, but he prefers for me to tell him, and he does not get angry. And it makes me feel like a better, freer woman."

Talking about affairs, really, is just one step toward dealing with cheating. A truly open sexuality has the advantage of leaving one with a free conscience, and enhancing the sex act itself.

Countless partners can describe how they were excited beyond their wildest dreams by having sex while one partner was telling the other about a sex experience with someone else. Such open confessions can heat up any relationship.

And they can, in the right place and at the right time, do a great deal to bring a couple closer together. The only hurdle which must be overcome is that of jealousy. Once you've put jealousy behind you and learned to talk about your affairs, then you're home free.

People love treats, don't they. I don't mean Halloween treats; I mean lady treats. Treats like my gorgeous boobs, tempting pussy, and unbelievable sexual skills. I'm not bragging at all; just saying it as it is. So rather than talk, look at my hot pictures and video and you'll see exactly what I mean.

Mercedes Ashley

For years I worked out, especially my butt. Now I have it in great shape (I hope you'll agree), and I enjoy showing it off along with my big boobies. I think the best shots I did were after hours at a great downtown bar. They cleared the place just for me and my photographer. I brought a HUGE purple dick and fucked myself.

NEW STORE POLICY

The place was a madhouse; we didn't have nearly enough bagboys to handle the workload.

"Let me grab you a good one," I told Mrs. Palmer. "Be back in a flash."

I left her standing there beside the bum buggy. She had picked one with a wonky wheel. Not that she had a choice in the matter. It had been the only buggy available. The others were scattered haphazardly in the parking lot. Another typical Saturday at the supermarket. The place was a madhouse; we didn't have nearly enough bagboys to handle the workload.

I rushed outside, corralled half a dozen buggies, and rolled them into the store. "There you go, Mrs. Palmer." I apologized for the inconvenience. "Four good wheels."

"Thank you, Drew," she replied with a smile. I had always called her Mrs. Palmer.

Mrs. Palmer was my ex-girlfriend's sister. Audrey, my ex, and I had just graduated from high school. The bagboy job was strictly a summer gig. In late August I would be heading off to college. Audrey's situation was the same. Of course, she had been accepted into a much better school, a pricey liberal arts college in Massachusetts. As for me—well, I had had to settle for the more affordable state university not too far from home.

Audrey's parents were rich. Mine, not so much. This had absolutely nothing to do with the breakup. Ours was an amicable split. No hard feelings whatsoever.

I bagged Mrs. Palmer's groceries and loaded them inside the trunk of her sporty coupe. "Thanks again," she said, proffering a three-dollar tip.

"Sorry," I told her, "but we're not allowed to accept tips."

She seemed confused. And with good reason. Mrs. Palmer always gave me a tip.

"Since when?" she asked.

"Since Monday," I told her. "New store policy."

A frowning Mrs. Palmer shook her head with dismay. "Well," she said, "I think that's just awful." She returned the money to her billfold. I told her to have a nice day, thinking that was the end of it. But Mrs. Palmer was nothing if not determined.

"You deserve a tip," she said, "and I intend to give you one."

"That's nice of you, Mrs. Palmer, but I could get in big trouble if my boss—"

"Come by the house after work," she cut me off. "I'll give it to you then. Your boss needn't know a thing."

I started to decline the invitation but decided against this. Clearly, the lady was on a crusade to give me a gratuity. And I could certainly use the cash. Three bucks was hardly a fortune. Still, every little bit helped. And who knew? She might even give me more than that. After all, Mrs.

Clearly, the lady was on a crusade to give me a gratuity. And I could certainly use the cash.

Palmer had money to burn.

Dr. Palmer was out of town attending a medical conference. Audrey had gone on a beach vacation with Traci Winstead and her family. Mrs. Palmer, stunning as ever in a bikini top and sarong, related this as she led me through the house to the backyard pool area where, I assumed, she would dip into her purse and give me the tip.

But I assumed wrong. As soon as we stepped outside Mrs. Palmer removed her top and tossed it aside. I was speechless.

"Come now, Drew," she said. "Don't look so surprised. You know how handsome I think you are. I was always jealous of Audrey . . ."

"I—uh—"

"Do you find me attractive? I think you do. I'm no fool, Drew. I saw those sneaky glances of yours while you and Audrey were dating. You like older women, don't you . . ."

Mrs. Palmer was right, of course. I had always had the hots for her. I was eighteen. She was in her thirties. The age difference turned me on. She was a first-class MILF whose stellar tits gave me an instant boner. And I hadn't had sex since banging Audrey during spring break.

I was horny as hell.

And Mrs. Palmer was too . . .

I sat on a chaise lounge and took off my shoes. Mrs. Palmer crouched beside me and helped me out of my pants and shorts. I lay there, hardly believing what was happening, as she went down on me. Audrey's mother gave much better head than her sister. Experience counts for a lot. Holding the base of my shaft, she licked me from balls to glans, gliding her talented tongue with impressive skill. Moments later, with her hand still wrapped around my dick, she proceeded to service my aching balls. Sucking on my ballbag, she moved her hand up and down, stroking me with increasing speed.

She brought me to the brink before easing up. Then she stood, untied her sarong, and let it fall to her feet. Now, grateful that she hadn't worn a bikini brief, I found myself eye level with her pussy. She ran her fingers through a dark landing strip, raised her hand to her mouth, and licked the juice.

"Scoot over," Mrs. Palmer said. "I want you to get on top and pound my pussy . . ."

I eased to the edge of the chaise lounge, creating more room for her. She lay there and spread her tanned thighs. I rolled on top of her and, using my hand, guided it home. She grunted when I entered her. Mrs. Palmer's pussy wasn't as tight as her daughter's, but it felt great all the same. Most importantly, she knew how to work it, knew how to move with me as I thrust, knew how to clench her muscles to heighten my pleasure.

I humped and hammered her MILF cunt, fucking her with everything I had. It had been a long and tiring day at the supermarket. But I didn't let that affect my performance. Not in the least. I was determined to make Mrs. Palmer come.

Thankfully, I did just that . . .

She cried out with excitement, writhing and spasming beneath me, her nails clawing my shoulders and back. Moments later, standing in a hunched position beside the chaise lounge, I jerked off all over her tits.

She lay there and spread her tanned thighs. I rolled on top of her and, using my hand, guided it home. She grunted when I entered her.

After we got dressed Mrs. Palmer tipped me five bucks, assuring me that the money was for helping her with the groceries. "If I were paying you for sex," she explained, "you'd be getting much more."

"I should hope so!"

Jelena Jensen & Ryan Keely

Today, Jelena's massive rack has caught the eye of slim, brunette newbie, Ryan, and she wants a sample. So she puts her tongue to work, and then makes her pussy available.
